

I will spend every penny I have in this world to save my son, but I wish this understood—should the evidence be so conclusive as to convince me that he committed this terrible crime I will wash my hands of him. That may be hard to say, but I am and always have been a law-abiding man, and I believe in upholding the courts. The interest of society and of every one of us demands that law and the courts be sustained. If my boy is guilty and should prove to be the villain he is painted, I would not turn my hand, and not one penny would be spent to save him. I would say, let the law take its course. It would be hard, of course, to see the extreme penalty imposed, and I might ask for a commutation of sentence, but nothing more. Understand, however, that I am convinced my boy is innocent.—From statement to *The Georgian* by Dr. J. M. T. Barron, father of alleged poisoner.

Arrest Made in Thomasville Slaying Mystery

AGED DOCTOR CANNOT BELIEVE HIS SON GAVE POISON TO KILL WIFE

CRIPPIN, Oct. 14.—Dr. J. M. F. Barron, a distinguished physician of this section and father of Dr. Cary A. Barron, in jail in McDonough, charged with poisoning his first wife that he might win Miss Cora Wheeler, of Conyers, Tuesday morning gave a statement to The Georgian defending his accused son, but at the same time dramatically declaring that should he become convinced that his son is guilty he would turn his hand not spend one penny to prevent the law taking its course. The elder Dr. Barron testified Mrs. Barron is far past illness and diagnosed her ailments as entirely natural.

Dr. Barron is one of the wealthiest and most widely known and highly respected citizens of Pike County, and the first public announcement of his attitude in the poison mystery has brought forth the president of the board of education and sympathy from the community generally, but from the close relatives of the dead Mrs. Barron.

Dr. Earron lives in a beautiful country home on an extensive plantation at Liberty Hill, several miles out from Milner. He owns practically the whole of this settlement. For thirty years he has practiced medicine in Pike and adjoining counties. Every penny of this wealth he told The Georgian would be spent if necessary, to clear this stigma from the family name, so long as he remains satisfied his son is innocent.

In the event the accused is shown to be guilty, however, he must fight alone the battle for his life. He can not depend on the Barron fortune to save him.

When seen at his home Dr. Barron seemed crushed by the arrest of his son and the accusation against him.

As he asserted his firm belief that the son is wrongfully accused and

knowing him as I do and realizing that he is a Barron, I couldn't think of other life. I can't conceive of a boy of his blood and his training stooping so low as to commit a crime and especially take the life of his own sister, the woman who bore him four sons and a daughter.

Dr. Barron and Mrs. Barron have a family of ten children, five boys and five girls. The mother and sisters and brother of the young physician were present. Spence, a 35-year-old invalid son of the prisoner, is being cared for in the Barron family home. The elder Dr. Barron said he

Mothers Join Enthusiastically in Move to Relieve Congestion in Classrooms of the City. Went to Lunch Two Weeks Ago; Still On

The enthusiasm with which the leading members of the Federation of Women's Clubs have launched the campaign for betterment of the conditions of Atlanta's public schools prompts to bring immediate results. Mothers all over the city have started

It is likely that the movement will result in an early vote on a general school tax. Superintendent Whitton

M. Stanton and her leading opponents of a better school propaganda have been urging this tax for a number of years. With the active cooperation of the women and the initiative provision of the city charter, it is now possible to call an immediate election on this tax.

When the members of the Federation of Women's Clubs were discussing possible means by which the women of Atlanta could aid in bettering school conditions at Grady B. W., first president of the Board of Lady Victors of the Atlanta department, arose to lead the way to a more sympathetic life.

Further discussion Tuesday morning took the board to Astoria's school system. He said the schools of the city are very well supplied with funds that the lower grades were overcrowded, classrooms being used in some schools, and that the city has funds to build sufficient schools. He urged a special school tax and the independence of the board of education.

"By that method rapid progress can be accomplished," he said. "It would prevent that eternal wailing that inflicts infinite injury upon the little children."

"By that method the political fraudalism can be destroyed."

FOUGHKEEPSIE, N. Y., Oct. 10.—Sheriff Frederick Hornbeck of Dutchess County, to-day appointed Vincent Astor, the former young man of age in the world, to be a deputy.

VICTIM OF SLAYER IN THOMASVILLE HOTEL

AGED FATHER CANNOT BELIEVE HIS SON GAVE DRUGS TO KILL WIFE

The disease was spread, Dr. Harris declared, through a specimen of an infected child's membrane which was sent into the laboratory last week. The laboratory was closed for two days.

Pardon Requests Forged by Convict

Joe Washington, a negro serving twenty years in Chatham County for robbery, was in a way of obtaining a pardon until Inspector J. H. W. of the board, Tuesday discovered that he was the author of several sympathetic letters received by Governor Staton.

Julian Hawthorne, the novelist, Tuesday is spending his last day as a prisoner in the United States Federal Penitentiary. Wednesday he will be free, having served his full term of a year and a day, with Dr. W. P. Horton, who was indicted and sentenced with him on the charge of fraudulent use of mails, will go north on the first train available.

THOMASVILLE, Oct. 14.--With T. W. Duane, about 50 years old, held on suspicion, the police are this afternoon continuing their efforts to clear up the mystery surrounding the murder of Miss Dorothy Haug, the 11-year-old Valdosta stenographer who was found slain in her room at the Southern Home, a Thomasville hotel, Monday morning.

Dr. Edgar Everhart, of the Atlanta College of Physicians and Surgeons, who is conducting the chemical examination, announced that he probably would complete his work by Wednesday forenoon. On the result of Dr. Everhart's analysis the fate of the accused man likely will rest. If traces of poison are found, it will be proof positive in the minds of the dead woman's relatives that her husband was her murderer and they will press his prosecution with all possible vigor.

The investigation into the mysterious death of Mrs. Sallie Lou Barron, wife of Dr. Cary A. Barron who is in the Henry County jail charged with poisoning her, approached its climax in Atlanta Tuesday as the analysis of the contents of her stomach neared completion.

Fite 'Points With Pride,' Not 'Alarm'

DALLAS, Tex., Oct. 14.--Judge A. W. Pate's charge to the Winfield County Grand Jury was so unconvincing that the United States mails were the only declaration of Dr. H. E. Harris, of the State Board of Health, Tuesday.

The physicians declared that hundreds of such specimens are being sent with the mails which they estimate and that the same are being sent around broadcast throughout the country.

When measurements were taken it was found that Hawthorne is a muscular and a broader person than when he began his prison term. The life within the prison walls, with its daily requirement of exercise, his regular hours of recreation, reasonable leisure work and study, some free, has made Hawthorne a healthier, redder person than he was when he entered. Each day he has done his ten mile walk around the prison enclosure, and of all the free-borners in the United States, Hawthorne was the most enthusiastic.

At one time during his prison term he even confided to his fellow prisoners that he might walk to New York. He told the inmates plans for this trip, however, and gave up expectation of it when parole was denied him in the summer months.

Footprint Leads to Arrest of Suspect in Thomasville Hotel. The clues that led to the arrest of Duane were the finding of a blood-stained footprint and a blood-stained towel in his room. Thus far he has not maintained his silence. He has been employed in a local market. He has been seen in the city and has been seen with Miss Haug.

Dr. Barron is one of the wealthiest and most widely known and highly respected citizens of Pike County, and the first public announcement of his attitude in the poison mystery has brought forth many expressions of admiration and sympathy not only from the community generally, but from the close relatives of the dead Mrs. Barron.

It Is War for Money in Which a Man Is Maimed Every Nine
Minutes of the Day, and Many Killed Every Hour.

is maintained."

Wouldn't it be a good idea to spend a little money in this never-ending war of industry that wipes out useful workmen in tens of thousands?

THE UNIVERSITY OF CHICAGO PRESS

Many a man does, and the more whiskey he drinks, and the longer he stays out, the more frequently he repeats it. But the "finest lil wife in the world" is selling in her lonely home. If the young man keeps on as he is going, she will have one of the worst husbands in the world. To pass the swinging doors on the way home is to pay a real tribute to the finest little wife.

followed suit. What else was left for them to do?

Don't look too hard for that old-fashioned girl, Mr. Club Man. She'd expect things from you that you wouldn't find in the least interesting. I'm afraid.

I've always noticed that the man who talks most about the cozy little home and the "wife waiting" is just the man who wants to use that cozy little home—after everything else is shut. But oh, misery!

about that lawn? Doesn't it need something? You know how in the spring the grass starts coming in. It's a specialty of lawn grass seed, and if you get your supply from us, you can be sure of getting the very best grass seed. For example, we have the famous Evergreen Lawn Mixture; it is composed of both winter and summer grasses, and will stay green all the year. The English Rice grass is an ideal grass for sowing on Bermuda lawns; comes up quickly, stays green all the year, and is the best for spring. Be sure and get our pamphlet "How to make a lawn."

WE HAVE the finest lot of Imported Bermuda brought to Atlanta. They are extra large, fully matured and some of them have been cut. We have single and double cut Hyacinths in six colors and some of them are double. They are different from the Hyacinths you see in the bunches; Paper White Narcissus, Freziera, Oxalis, Roman Hyacinths, and many others. We have also a fine lot of business Lilies. Ask for our Book catalog.

WHEN YOU need chicken feed, don't forget that we are headquarters for the best brands. Our prices are right and we deliver promptly.

PLANTA REAL ESTATE is increasing in value daily. Many bargains are offered in the Real Estate columns of the "Want Ad" section of The Gazette.
